

the FIFe JSC & HWC invite you to

# RESPONSIBLE JUDGING

focus on Exotics and Persians

The participation is highly recommended for Cat. 1 FIFe Judges and Student Judges

## WEBINAR'S PROGRAMME

### Introduction

A short introduction from the FIFe Board and the Commissions on the webinar's objectives

### The Breed Council Perspective

Historical information, development and standard highlights, and current challenges faced by the Breeds

### The Veterinary Perspective

The Breed's health, concerns, potential genetic issues, and the importance of responsible breeding (and judging).

### Judging Standards and Techniques

The interpretation of the Breed's standard, the judging criteria, and the best practices.

Judges are the pillars of the cat-fancy system and carry a huge responsibility towards the development of the various Breeds. Their contribution is fundamental.

We are facing big challenges these days. Big pressure is upon some Breeds that may be in danger of being banned from the show bench. The goal is to find a balance between preserving breed characteristics and the health of our most loved cats.

We need to make a joined effort to give the same strong message: we breed, judge and love healthy cats! We need to be as one and take a clear stand to protect our hobby and our cats
